

Newsletter

Let me introduce myself. My name is Brian Lynch, and I have been the Administrator of your Water and Sewer Department for almost two years. I have already had contact with many of you, either on the phone or at the Town Hall. One of the aspects of my job is to address any questions or concerns you might have.

The WPCA has grown over the past few years, and I anticipate that it will continue to expand throughout the community. There are some new features that we

are now providing to our customers.

You are now able to use credit or debit card to pay your utility bills. This can be done either online or at our counter in the Town Hall. If you go to the town's website www.townofmontville.org and follow the steps provided, you will be able to set up your own account online.

If you look at this quarter's statement, you will notice that the billing statement has been bar-coded to ensure accurate

accounting of everyone's payment.

I hope you find this newsletter to be helpful. One of my goals is to make sure that the public stays aware of changes in the WPCA. Along with all of the employees and members of the WPCA Commission, I look forward to continuing to serve you.

Price Increase

You may be aware that a rate increase was put into effect on July 1, 2009. Unfortunately, the WPCA is experiencing the same cost increases that you have in your own homes.

Therefore, the WPCA found it necessary to increase the rate charged to all of its customers (private home, industrial and commercial accounts). We have not had a

price increase in five years.

Public hearings were held on May 4th, 2009 to explain the process that brought us to this rate structure.

WPCA Commission

The Water Pollution Control Authority meets on the first Monday of each month at 7:00 p.m. in the Town Council Chambers. Meetings are open to the public, and I encourage you to attend to stay informed as to what is happening

The commission is comprised of five members.

Chairperson: Tim May
Vice Chair: Dr. Robert Thorn
Member: Deborah Schober
Anthony Siragusa
John Geary

The WPCA office is open Monday through Friday from 8:00 a.m. until 4:30 p.m.
The office phone number is 860-848-7094 ext 376.

All emergencies should be referred to the Treatment Plant. The phone number there is 860-848-3830
