

The WorkPlace has an exciting program that seeks to help LONG-TERM UNEMPLOYED Veterans, under the age of 30, who have been unemployed 27 weeks or longer, and who still cannot find work.

P2E – Platform to Employment, is a program that assists the Long Term Unemployed and has been successful in 7 cities across the country, as well as here in CT in obtaining jobs for those in the program.

The WorkPlace is looking to start with 20 individuals in late February or early March and they need some assistance identifying Veterans to participate. Please pass this along to your veterans' networks so we can help get these guys the help they need.

If any wish to apply, we strongly encourage contacting:
