Public Comments

Mr. Wilson Smith spoke up about his concerns regarding the speed boats and jet skiers out on the lake after sunset and into the late evening. This is not just a safety issue, but also a noise nuisance for those residents that live on the lake. In addition, he said he is witnessing a lot of boaters urinating off the side of their boats. He asked how often the Montville patrol boat is out on the lake. Henry stated that because there is a cost to this service and that the towns have severely cut the GLA budget, the patrolman can only do random checks of the lake.

A suggestion was made to send a letter to the DEP Commissioner expressing our concerns about boater safety and rules. Sandra will compose the letter and send it out next week.
