8. Remarks from the public relating to matters on the agenda with a three-minute limit
  - Montville Fire Chief Ray Occhialini, expressed his support for the following items on the Agenda:
    - 16(c): As president of the Union, he felt the Union, Finance Director, and the Mayor arrived at an agreeable agreement for the Tax Collector position.
    - 16(e): He recently attended a State and the Federal Emergency Management Agency (FEMA) training session, where they encouraged the Economic Development Commission and Planning & Zoning Commission to create a long-term plan for disaster recovery and provide incentives to local businesses for maintaining their business in the Town and believed that a strong EDC would benefit the Town to this end.
    - 16(f): The Town Council's support of a five-year agreement with Eversource Power would allow them to install an antenna on one of the Town's Towers and a rack in the Public Safety Building. The installation would benefit the community by enabling them to cordon off problem areas when power is lost and allow them to reciprocate for allowing the Town to utilize their Chapel Hill Tower.

Tony Siragusa, 39 Hillcrest Drive, questioned whether the Tax Relief Ordinance (item 16(j)) was previously published, which, Councilor Longton noted, was handed to him several months ago. He stated that the remaining population must make up the tax relief that is provided to that segment of the population. As such, the Town should think about generating income at the same time and urged the Town Council to review his previously proposed Senior Tax Relief Plan.

Lt. Leonard Bunnell, Montville Police Department, expressed his support for the following items:

- 16(b): He explained that he had originally requested a total of five (5) police vehicles — three (3) for the patrol officers and two (2) for the detective unit, with priority given to the three police cars. The Finance Committee approved Three (3) patrol vehicles, but the transfer was inadvertently excluded from the Town Council's Budget Meeting script.
- 16(h): He distributed a copy of the Dispatcher Job Description, stating that it does not indicate the requirement for the dispatchers to answer *only* Fire/EMS telephone calls. As such, he is requesting they also be available to answer the telephone, talk on the radios, and greet the visitors of the Public Safety Building for the Police Department during their downtime and when officers are not available to do so. An agreement for such was previously agreed upon with the Union, but never transpired. He encouraged the Committee to contact him should they have any questions regarding the Policy.

#### 9. Communications

- a. Copy of the legal bills from Suisman-Shapiro for the month of April 2015
- b. Copy of the legal bills from Suisman-Shapiro for the month of May 2015
- c. Copy of the June budget report from Ms. Terry Hart, Finance Director

#### 10. Report from the Town Attorney on Matters Referred – *none*

11. Remarks from the Mayor and/or Administrative Department Heads to include Matters Referred
 

Mayor McDaniel reiterated Fire Marshal Occhialini's comments regarding the Eversource Agreement, stating his support and continuing the Town's symbiotic relationship with the Company. He noted that the Town was also contacted by Verizon for the utilization of one of the Town's towers, but were uncomfortable with the agreement due to the amount of power and the downtime the installation would require. He recently attended an Eversource energy workshop and continues to plan to form the parameters and create a sitting Clean Energy/Green Committee comprised of the citizens of the Town. Eversource has been assisting the Town with benchmarking their facilities and investigating how they can best utilize their resources.

The Montville High School graduation ceremony was held, during which his son also graduated. A successful Millstone Drill was also held. The Southeastern Connecticut Council of Governments is in the process of re-doing their plan for conservation and development for the region. Their first regional public outreach meeting was hosted by the Town and held at Town Hall. He encouraged everyone to attend such events and become involved with the regional development plan.

A job offer is pending and a new police officer was sworn in and is currently attending the Academy, bringing the staffing up to 22 patrol officers. The bids for the Blais Road-Fitch Hill Road drainage project came in within the budgeted amount and a pre-construction meeting will be held next week. Per the Town Council's request, a cancellation of their letter of intent to join KX Communications was sent to their Board of Directors and Counsel.

12. Reports from Standing Committees.

a. Town Administration/Rules of Procedure – Councilor Longton

Though the Committee did not meet, a copy of the Town's Acceptable Use Policy was received for review and the Tax Relief for the Elderly and Totally Disabled and Dog Ordinances were received from the Town Attorney.

b. Finance – Councilor Tanner – *no meeting*

c. Public Works/Solid Waste Disposal – Councilor Longton

Road repair on Old Colchester Road from the Salem Town line to Forsyth Road will be conducted in mid-late August and Gay Hill Road and Park Avenue will be conducted in late-July. The Maynard Road project, which will concentrate on the entrance/exit of the road and the turnaround, is currently out to bid. An issue was raised regarding the excessive bulky waste being brought in by contractors working in the Town, the suspicion being that they are bringing waste from other jobs. The asbestos removal of the old V&A/Social Services building is out for bid, the tennis courts at Camp Oakdale are 90% complete, and one of the two culverts for the Montville Road Bridge, which is slated for completion in September/October, has been installed. The sound system in the Town Council Chambers has been adjusted and appears to have been resolved. The Route 163 bridge repair located by the Post Office has been completed. An ordinance requiring property owners to clear the sidewalks in front of their property was discussed, especially in relation to the new sidewalks located by the high school. The issue was previously raised, much to the public's dismay. With the exception of the commercial Route 32 corridor, such an ordinance currently does not exist.

A data report detailing the success rate of JRBs will be made available in the Fall 2015. With the support of the CYSA and legislatures, Youth Service Bureaus throughout the State were able to survive any severe funding costs in the State's budget. The Parks & Recreation Commission welcomed a new member, Ryan Hartman. The Commission will be hosting a Summer Concert featuring the band, Wicked Peach, at Camp Oakdale on Saturday, July 25. The Building Center Committee, which was never disbanded, will be reformed and tasked with developing a rough plan and cost estimate in preparation for the loan application.
