- Comments from Commissioners
 - Commissioners commented on the nature of the Mostoway Property. The property is significantly overgrown on the lowland portion and has a unique cover of cedar trees on the upland area. There are at least two trails that vary in terms of condition. One trail runs parallel to a portion of the fitness trail at Camp Oakdale.
 - Commissioners commented that there appears to have been cutting of trees near the stream on the property. Downed trees and brush appear to be choking portions of the stream.

 - The meeting was adjourned at 3:00 PM.
