Motion:

That the student that is the subject of the hearing be expelled from the Montville Public Schools for one (1) calendar year for the possession and sale of a controlled substance, commencing April 20, 2009, the beginning of the ten (10) day suspension.

The conditions attendant to this expulsion are as follows:

During the period of the expulsion, the student shall be provided with an alternative educational program, consisting of tutoring. The details of the program, including the time and location of the tutoring, shall be determined by the administration.

The student must cooperate with the alternative educational program, to complete the assignments given to the student by his tutor(s) and to work diligently toward making progress in his coursework.

The student shall participate in counseling arranged by his parents.

The Superintendent shall receive regular reports of the student's progress in his school work and in the counseling.

The student shall complete a project, the details of which are to be determined by the administration, on the dangers of abuse and illegal use of prescription drugs. Such project shall be satisfactorily presented to the administration prior to the start of the 2009-2010 school year.

During the period of expulsion, the student shall not participate in any school activities and shall not be on school grounds except with the express permission of the Principal of Montville High School.

Provided that the student complies with every and all of the conditions set forth in this motion, and is making satisfactory progress in all of them, the Superintendent shall have the discretion to return the student to school at the start of the 2009-2010 school year.
