

Tax Relief - Montville

The Town of Montville needs to increase its tax base. We are a fairly small town, like so many others, without a way to attract new growth in town. The current economy isn't helping.

A method of growing the town's tax base, while helping its seniors, is needed. If the town could provide a tax reduction system for seniors, others would notice and would want to live in Montville. This would, hopefully, increase the building of new homes. The increase in new homes would offset the revenues lost in the tax decrease and would eventually expand the tax base enough to lower everyone's taxes. It would be innovative and create a media stir that would be a positive for our community.

Criteria:

2 years before implementation in town.

3 years of home ownership to be eligible for program.

Only one single family dwelling or condo lived in by the recipient is eligible. Age as of March 31 will be used. Form has to be submitted by March 1 of the coming tax year to be considered.

Fill out a form for tax reduction:

- A. Name, address, age
- B. Driver's license, military ID or birth certificate is usable for proof of age.

Businesses and other such properties are non-participants.
