RE: Gateway Terminal  
CLA-7064C

Dear Liz:

We have reviewed the revised plans dated June 27, 2022 and supporting material submitted for the proposed Gateway Terminal on Depot Road. We have the following comments:

1. The means and method of fueling the loaders must be shown and/or noted on the plans.
2. The Erosion Control and Site Restoration Bond amount is satisfactory in the amount of \$187,500 for the site.

We note that while the applicant does not own the site, the right-of-way lines for both Depot and Dock Roads should be better defined to represent present conditions and for the benefit of all parties.

Very truly yours,

Thomas L. Cummings, P.E
