Re: A proposed 996kW-AC ground-mounted solar photovoltaic facility to be located
at 958 Route 163 in Oakdale, Connecticut

Dear Planning & Zoning Commission:

On behalf of TRITEC Americas, LLC ("TRITEC"), I write to inform you that TRITEC intends to file a petition for a declaratory ruling ("Petition") with the Connecticut Siting Council ("Council") seeking the Council's approval of the construction, operation, maintenance, and decommissioning of the above-referenced ground-mounted solar photovoltaic facility ("Project"). TRITEC is a developer of clean energy generating facilities in Connecticut and only selects potential sites that are environmentally responsible.

TRITEC expects to file the Petition with the Council in approximately thirty days. This letter serves as notice to you, as an appropriate government official or agency, in accordance with § 16-50j-40 of the Regulations of Connecticut State Agencies. Once filed, you may review the Petition at the Council's office located at 10 Franklin Square, New Britain, Connecticut 06051, or on the Council's webpage at <https://portal.ct.gov/CSC>. Alternatively, you may contact Associate Attorney Dylan Gillis at dgillis@michaud.law, and he will provide you with a copy of the Petition via e-mail.

Please feel free to contact me if you have any questions.

Very truly yours,

Paul R. Michaud
