Update, status, and possible action on ARPA Funds

An excel spreadsheet with only those projects that have remaining balances was distributed. These were gone over line item by line item. Employees had been given a June 30, 2024 deadline to expend or provide information on how funds would be spent in the very near future. Most remaining balances will not be used.

It was noted that, with the recent notification of the approval of a grant for the Animal Control Facility, the ARPA money for this project will stay in the budget and be expended.

6. Remarks from the public (3-minute limit) none
7. Remarks from Councilors – It was decided by Jaskiewicz and Lathrop to not meet over the summer and to resume meeting in September.
8. Meeting adjourned at 6:00 PM
