Re: Response Comments to Fire Marshal's Plan Review  
Horizon View Apartment Complex  
2268, 2280 & 2284 Route 32  
Montville, CT

Dear Megan,

The following is our response to the Fire Marshal's review comments for the proposed Horizon View Apartment complex on Route 32 in Montville. Our responses are as follows:

1. A fully addressable fire alarm system compliant with NFPA 72 will be provided.
2. The building will be fully sprinklered according to NFPA 13. Standpipes will be provided in all stairs with fire department connections on each floor.
3. Exit signage and emergency lighting will be provided throughout the building according to State Building and Fire Codes.
4. Both of the proposed elevators are stretcher compliant per code.

Let me know if you have any questions or need anything further.

Sincerely,

David Goslin, AIA  
Principal
