Meredith,

All of our previous comments have been addressee on this with the exception of the potential utility easement. If the note #7 that was added to the plan regarding the easement is sufficient for Eversource, we would have no problem with that.

Thanks,

Kyle Haubert, P.E.

Good afternoon Tina,

Thank you for reaching out to our office at the request of Mr. Malchman regarding the need of an easement on private property. Per our earlier conversation, attached please find the survey and description of lands to be conveyed prepared by Boundaries, LLC. I have copied John Faulise from Boundaries on this email as he prepared these documents on behalf of Mr. Malchman. I have also included Stacy Radford our Zoning Officer and Kyle Haubert of CLA Engineers who is the town's engineer.

I look forward to hearing from you once you have had the opportunity to review the documents and discuss them with your staff.

Regards,

Meredith Badalucca, CZEO
