RE: Wetland Restoration Review
Noble Hill Rd
CLA-7873J

Dear Stacy:

CLA Engineers, Inc. (CLA) has received the materials for the above referenced project located on Noble Hill Rd:

1. A letter from James Sipperly, CSS, dated June 6, 2025.

CLA notes the following:

1. CLA generally agrees with the findings and recommendations of Mr. Sipperly's letter. The recommendations from his 2 letters should be added to the topographic plan to create a wetland restoration plan. Specifically, the plan should have a planting schedule, appropriate E&S, a planting narrative, and an inspection and reporting schedule.
2. The engineer should provide a bond estimate.

Thank you for the opportunity to provide this review. Please feel free to call me at our office or email brusso@claengineers.com with any questions.

Very truly yours,
CLA Engineers, Inc.

Robert C Russo
