MOTOR VEHICLE MSRP VERIFICATION FORM

Effective with the October 1, 2024 Grand List, Connecticut Assessors will utilize the Manufacturer Suggested Retail Price (MSRP) of your vehicle and apply the statutory depreciation schedule to calculate the depreciated value of your vehicle.

- Motor vehicles are assessed based on MSRP without factors such as high mileage, salvage vehicles, and rebuilt titles.
- The only grounds for appeal for a taxpayer is if the Assessor did not base the assessment from the vehicle's MSRP.

If you believe that your vehicle was not assessed based on the correct MSRP, please complete the form below and attach any supporting documentation verifying the MSRP of your vehicle (and any additions not included in the MSRP of the Cab & Chassis of a vehicle originally sold as an incomplete vehicle), for review by the Assessor's Office.
