State Reason for Zone Change

To promote multi-family residential development within a zoning district classification which both allows multi-family dwelling units and is consistent with adjacent zoning. The proposal does not constitute spot zoning because it is neither small in size nor inconsistent with the comprehensive plan of the Town of Montville as expressed in the Zoning Map and Zoning Regulations and the Town of Montville Plan of Conservation and Development. The parcel has public water and public sewer available. The proposed zone change satisfies the six (6) evaluation criteria contained in the "Zone Change Evaluation Criteria" outline as enunciated by the Montville Land Use Department.

I hereby certify that the information contained in this application is true and correct to the best of my knowledge. The undersigned hereby authorizes the Commission and its professional staff to enter upon the property contained within the proposed change if the applicant has the legal right to grant such access.
