Hello,

I am writing to request records related to the property adjacent to my home at 361 Maple Ave in Montville.

Specifically, I am looking to obtain a copy of the approved site plan, along with any conditions of approval, for the development currently under construction next to my property.

If available, I would also appreciate any documentation outlining:

- Buffering or screening requirements (fencing, trees, etc.)
- Setback distances from residential property lines
- Approved hours of operation or construction
- Any restrictions related to truck traffic, lighting, or noise

Please let me know the best way to access these records, whether electronically or in person.

Thank you for your time and assistance.

Sincerely,
Katie Amero
