Good afternoon, Meredith,

Thank you for taking the time to meet with me this morning, I have a much better understanding of the process and what we will need to provide to move forward.

Regarding our application, I'd like to formally request the 65-day extension that we discussed.

I will work with our engineering firm, Bohler, to produce the correct materials for the town's consideration.

Thank you,
Kelly

Good morning Kelly,

The Town Hall is at 310 Route 32 and our office is on what is called the 1st floor however, it is really the 2nd floor. If you come in the main door use the elevator or the stairs to your left. Our office is all the way at the end of the hallway.

Regards,

Meredith Badalucca, CZE0

Hi Meredith,

Yes, I'm available at 11:30 on Monday. Please confirm the meeting location and I'll be there.

Thank you,
Kelly

Hi Meredith,

I hope you've been doing well.

I have spent considerable time reviewing the Montville Zoning Regulations and the comments and requests received thus far. As I continue evaluating the project, I am hopeful that you may be willing to meet with me briefly so that I can better present our proposed redemption and recycling concept and gain a clearer understanding of the specific zoning and permitting considerations we will need to address moving forward.

I will be in Connecticut from Friday through Tuesday morning and was hoping that either you or a member of your staff might have availability to meet on Monday at any time prior to 4:00 PM or Tuesday morning. I believe a short discussion would be extremely beneficial in helping us align our plans with the Town's expectations and develop the most appropriate path forward.

Please let me know if this may be possible. I appreciate your time and consideration and look forward to hearing from you.

Thank you,
Kelly

Hi Meredith,

Thank you for the follow-up.

I am currently awaiting a return call from our engineering firm, Bohler, regarding the questions raised in your late-June emails. As soon as I have an opportunity to speak with them and obtain the necessary information, I will follow up with you promptly.

Thank you as well for sharing your upcoming vacation schedule. I will work diligently to address your outstanding requests and, if possible, finalize our submission before your scheduled time off.

Rebecca Craft from Titan is serving as our permitting expeditor for this project. To streamline communications and avoid any confusion, I will be handling all correspondence with the Town regarding this location moving forward.

I will be in touch soon with an update.

Thank you,

Kelly
