Good morning,

The Montville Planning and Zoning Commission has been asked by the Mayor and Finance Department to complete an 8-24 review for the appropriateness of the Town of Montville to serve as the applicant and administrator for a United States Department of Agriculture (USDA) Grant to conduct a planning study for the extension of a sewer force main from the Meadows Apartments to the existing sewer infrastructure at Fitch Hill Road (see attached map).

Below please find the link for the 8-24 review documents. This link will be updated as documents and comments are received from town departments. This item will be on the agenda for June 23rd. Please provide all comments to myself, Dennis and Meredith.
