Committee Business

- A) Law Enforcement Patrol: Patrol report dated through 8/14/14 was not presented at the meeting, but will be submitted at the next meeting. It was noted that the Patrol seemed to be minimal this year, and we should be within our budget. Scott reported reading about Montville experiencing personnel shortages, and that this could be a contributing factor to the reduced number of patrols.
- **B) Boating:** Bob Neddo reported that 60 people took this year's Boater Safety Course and the course was considered a success by the State. A fall class is being considered.

C) Water Quality Sampling:

- In-House Report: Scott emailed Anne Ewert of Ecosytems Consulting Service. They will be doing their deep hole testing and suggested that Scott take samplings in other various locations, which he plans to do. Scott reported that the readings so far have been typical for the history of the lake, with low levels of dissolved oxygen in the deeper areas.
- Outside Reports: Mike Magliano communicated with Uncas Health District but they have not yet provided the water quality testing data to date. A suggestion was made to request a complete report at the end of the season.
- Timeline Review: Tabled.

Old Business None.

New Business:

- **DEEP Grant**: Information was reviewed and discussed concerning a grant program that would be a good fit for the lake. An application must be made in conjunction and support by the towns. A committee was formed and members of the Authority agreed to assist in the development of the grant request. Committee members include: Russ, Kate, Scott and Mike.
- Old Lake Photos: Bob shared some old photos of the dam being reconstructed and a flooding event.

Public Comment None.
