Re: Leemilt's Petroleum, Inc. 612 Route 82

Dear Ms. Bezanson:

I have reviewed the plans for the septic system design dated 9/25/2020 and have the following comments.

1. The Uncas Health District has no objection to replacing the underground storage tanks and constructing an addition to the existing building.
2. The existing septic system must be abandoned in accordance with the Public Health Code.
3. A new septic system must be installed prior to the issuance of a Certificate of Occupancy.

Sincerely,

A handwritten signature in blue ink, appearing to read "Michael J. Kirby", with a large, sweeping flourish underneath.
